Dear Students, Parents and Aligs

Our glorious institution, the Aligarh Muslim University has been passing through challenging times. Our resilience and spirit has been and remains our biggest strength. During the past few days, I and my team has been making best possible efforts to resolve the situation, which we have successfully overcome. Regarding charges against our students, we have taken up the matter with the appropriate authorities in the government who have assured us that no one would be unfairly victimized. I will continue to see that innocent students are honourably exonerated, and no injustice is done to any student because of false accusation. At the same time, I say with full authority that anyone found guilty of vitiating peaceful atmosphere and harmony will be dealt with sternly in accordance with law, and doors of the university will be firmly shut on them.

Through the course of its history, AMU has experienced tumultuous times on several occasions which were marked by violence, loss of life, property and sine die closure. I express my deep sense of gratitude to all of you for remaining peaceful and restrained in the present situation. This demonstrates that the vast majority of our students are sincerely committed to their studies. I assure you that I will continue to work keeping the best interests of the students and AMU at heart. We have been going from strength to strength on academic, infrastructure and ranking fronts, and we should strive to continue with this momentum. I look forward to your active cooperation in restoring vibrant academic atmosphere on the campus at the earliest.

We all know that our beloved nation is also passing through a difficult phase due to the current national security scenario in the wake of despicable terrorist attack in Pulwama (J&K). AMU community has always stood with the nation in its darkest hours and will continue to do so. We are ready to pay our debt to the nation in blood. I appeal to all students to maintain calm and show exemplary behaviour at this critical juncture.

Jai Hind!

With best wishes

Tariq Mansoor
